

SANISTATION®

INFECTION CONTROL THAT WORKS IN HEALTHCARE

WWW.SANI-STATION.CO.UK

INFECTION CONTROL THAT WORKS WITH YOU

From the unique face mask dispenser, to the mobile infection control units and period products dispenser, SaniStation[®] has grown and is now embedded into the long-term IPC strategy of many healthcare providers across the UK and Ireland. Working with senior nurses and IPC teams we have developed a range that meets the very highest hygiene standards. By maximising sanitisation and minimising opportunities for cross-contamination, SaniStation[®] is helping to protect patients, healthcare staff and all site users.

A healthcare professional, likely a nurse or doctor, is shown in profile, wearing a light blue surgical mask and a matching scrubs uniform. She has a stethoscope around her neck and is looking intently at a computer monitor. Her hands are on a mouse, suggesting she is working at a workstation. The background is a blurred clinical setting. The overall image has a dark, blue-tinted overlay.

INFECTION CONTROL
THAT WORKS
IN HEALTHCARE

FACE MASK DISPENSER

IDEAL FOR ACCESS POINTS & WAITING AREAS.

Unique to SaniStation[®], the robust mask dispenser is ideal for healthcare environments, dispensing essential PPE at access points, receptions, waiting areas and other areas of high footfall.

The simple dispensing mechanism, minimises waste and helps to reduce petty theft. When the unit needs to be refilled, replenishing stocks is quick and easy.

Developed in conjunction with a number of NHS trusts, the unit limits opportunities for cross-contamination of PPE, helping to maintain your hygiene levels and keep staff and visitors safe.

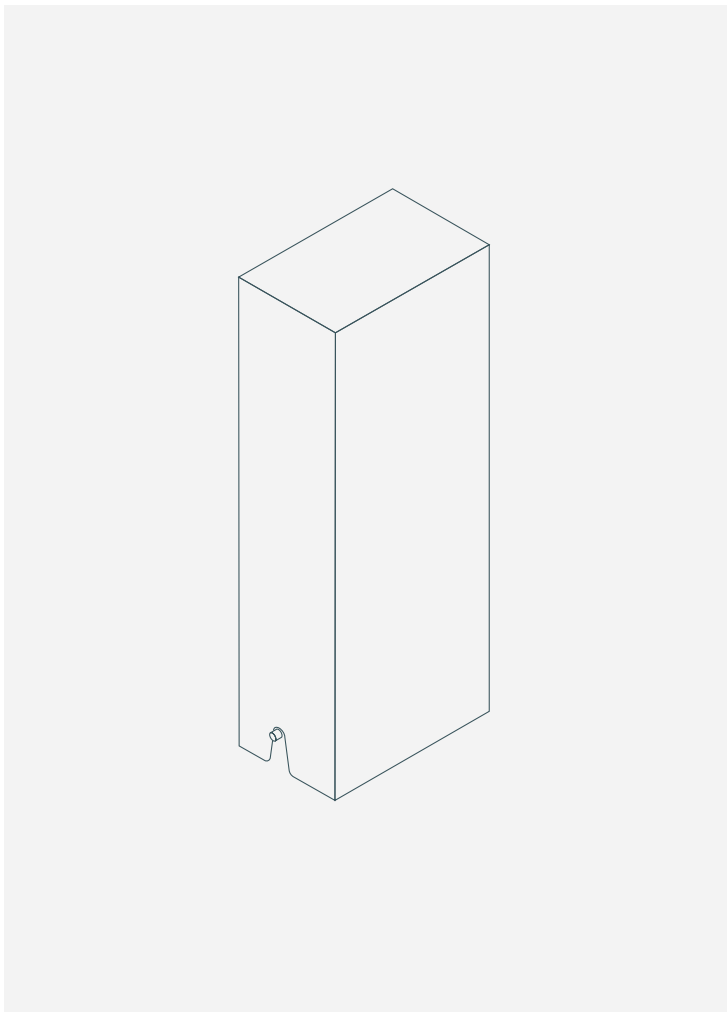

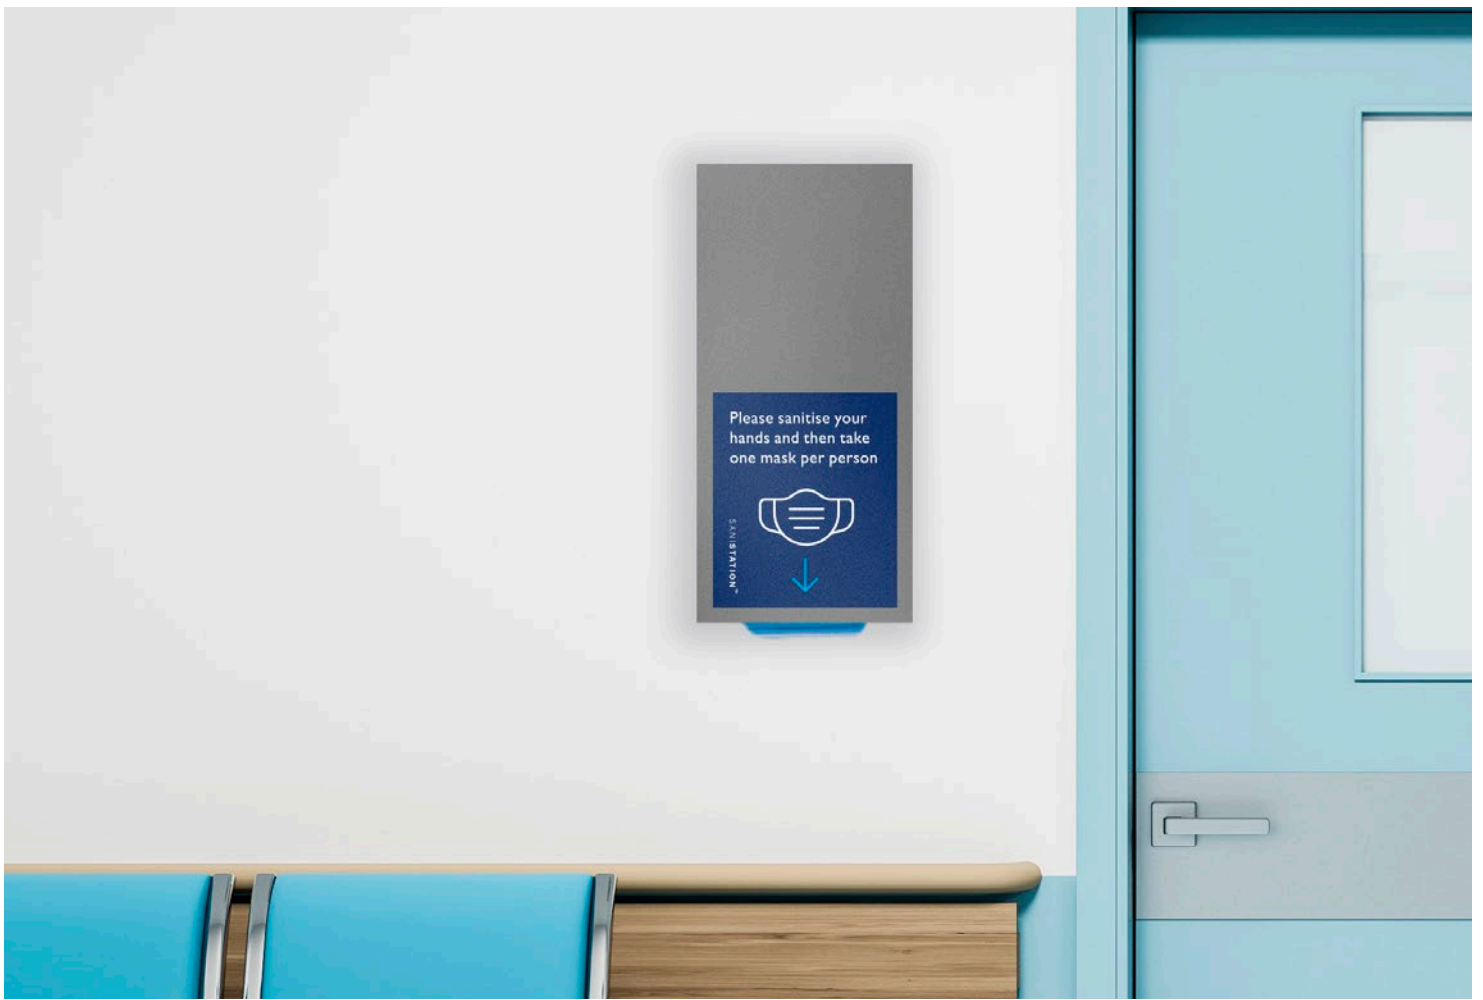

As with most products in the SaniStation[®] range, the Face Mask Dispenser can be branded to suit your healthcare organisation's corporate identity.

- ✓ Hygienic and easy to clean
- ✓ Reduces waste by dispensing one mask per user
- ✓ Saves time on refilling
- ✓ 250+ mask capacity
- ✓ Robust and secure steel construction
- ✓ Compatible with most disposable masks
- ✓ Ideal for access points & waiting areas
- ✓ Dimensions (mm): 474h x 207w x 113d

NOW AVAILABLE WITH A REFILL VISION PANEL

Flush glazed vision slot for ease of stock monitoring without removing the cover

COMPACT FACE MASK DISPENSER

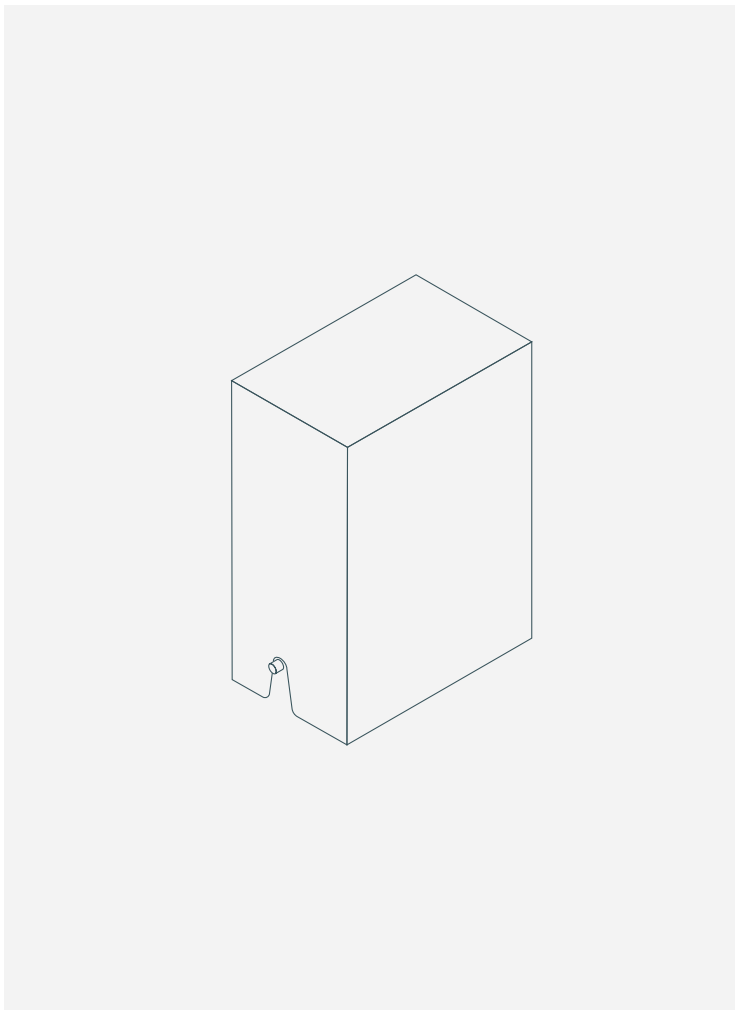

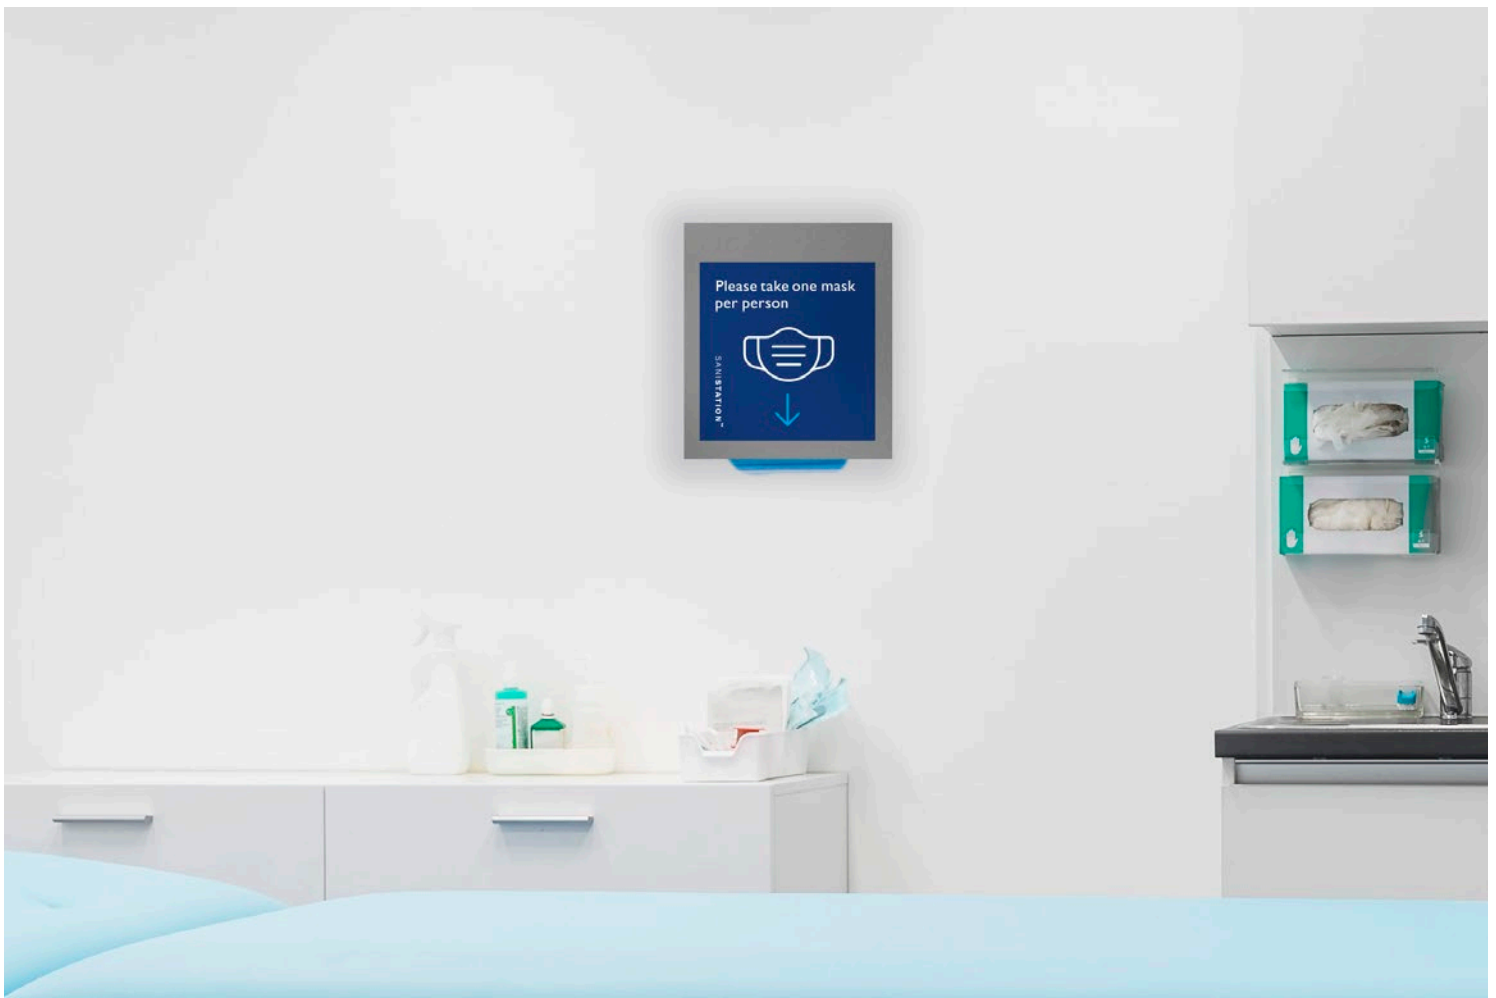

SUITABLE FOR PROCEDURE & CONSULTING ROOMS.

Unique face mask dispenser with capacity for over 100 masks. Perfect for procedure and consulting rooms where the enclosed storage of PPE is essential to avoid cross-contamination.

As with most products in the SaniStation® range, the Compact Face Mask Dispenser can be branded to suit your healthcare organisation's corporate identity.

- ✓ Space saving size
- ✓ Fully enclosed design suitable for procedure and consulting rooms
- ✓ Hygienic and easy to clean
- ✓ 100+ disposable face mask capacity
- ✓ Reduces cross-contamination - only touch the mask you're going to wear
- ✓ Reduces waste by dispensing one mask per user
- ✓ Robust and secure steel construction
- ✓ Dimensions (mm): 230h x 207w x 113d

ANTI-LIGATURE FACE MASK DISPENSER

THE SAFE PROVISION OF FACE MASKS IN MENTAL
HEALTH OR SPECIAL CARE ENVIRONMENTS.

The Anti-ligature Face Mask Dispenser is designed for any mental health or special care environment looking after vulnerable individuals.

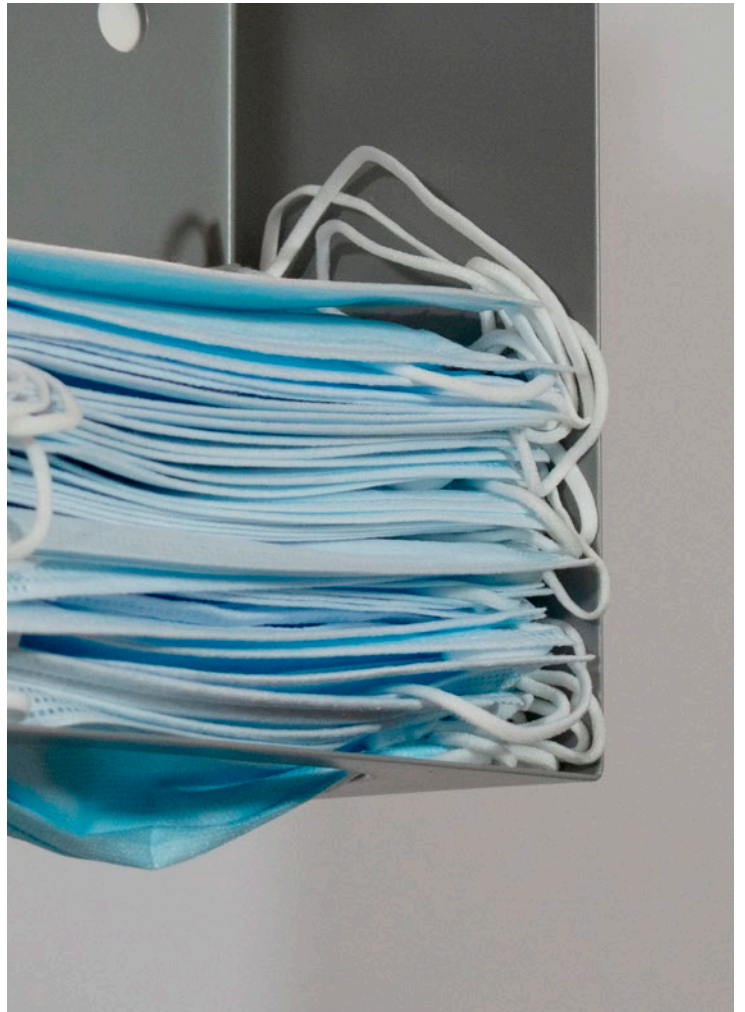

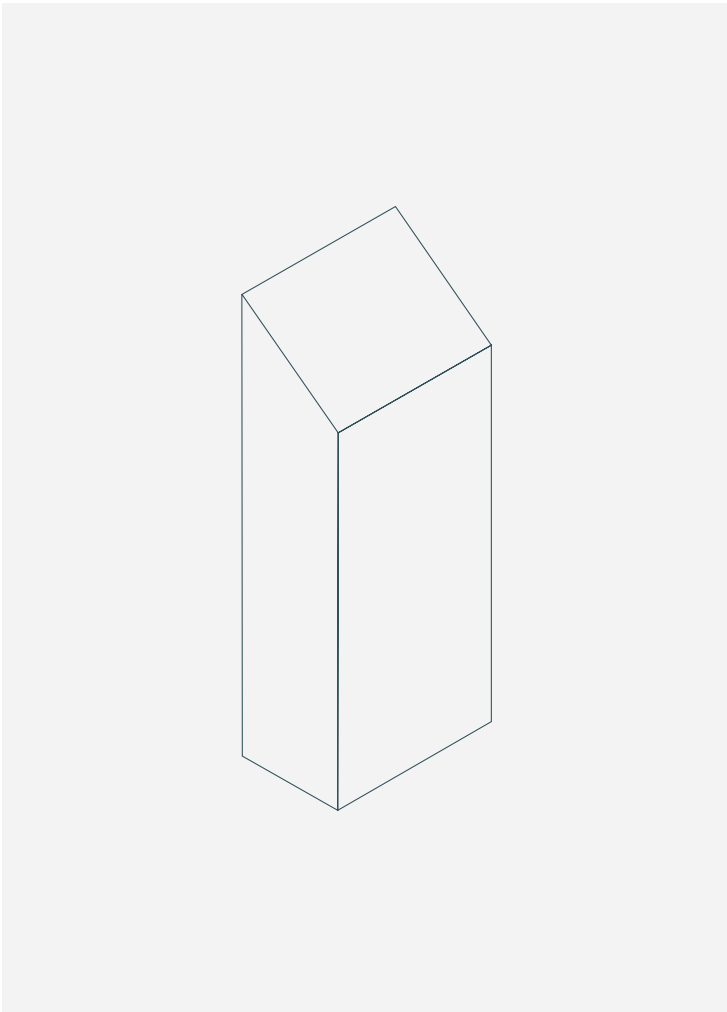

The wall-mounted unit has minimal ligature points and can be sealed on all edges to close off any gaps between the unit and the wall.

The dispensing cassette is locked in a closed position and can be unlocked to allow replenishment. This product can also be used in environments where PPE needs to be available for care givers, but where it's not safe for patients to help themselves (i.e. dementia patients).

Call us to discuss your specific requirements.

- ✓ Minimises risk of self-harm
- ✓ Hygienic and easy to clean
- ✓ Reduces cross contamination
- ✓ Complies with all IPC protocols
- ✓ Robust and secure metal construction
- ✓ Concealed multi-point wall plate fitting
- ✓ Brandable with your logos and messaging
- ✓ Dimensions (mm): 430h x 207w x 122d

MOBILE INFECTION CONTROL UNIT

IDEAL FOR ENTRANCES, HIGH TRAFFIC AREAS & WARDS.

This single or double-sided unit is ideal for building entrances, high-traffic areas and wards. The Mobile Infection Control Unit provides a unique opportunity to design the perfect highly visible solution to specific IPC scenarios across your site.

Designed to ensure all site users comply with mandatory sanitisation and personal protection regimes, these heavy duty units are now hugely popular across the UK & Ireland.

As with most products in the SaniStation® range, the Mobile Infection Control Unit can be branded to suit your healthcare organisation's corporate identity.

- ✔ Save space with minimal footprint
- ✔ Single or double-sided
(Choose single-sided for a smaller footprint)
- ✔ Easy-clean back panel
- ✔ Bespoke printed for communicating key messages
- ✔ Accessorise to your specific IPC requirement
- ✔ Mobile and versatile

WALL-MOUNTED UNIT

IDEAL FOR LOCATING IN CORRIDORS, ASSESSMENT ROOMS & PRIVATE WARDS WHERE SPACE IS LIMITED.

The Wall-mounted SaniStation® is designed for building entrances and access points. The highly visual unit helps to protect site visitors, staff and patients, by providing easy and secure access to essential sanitisation materials and PPE. The wall-mounted unit facilitates site management best practice and saves staff time by reducing the need to monitor site entrances. As with most products in the SaniStation® range, this wall-mounted unit can be branded to suit your healthcare organisation's corporate identity.

PPD 2

A HIGH-CAPACITY FREE VEND DISPENSER. DISPENSES TAMPONS AND PADS. OFTEN LOCATED CENTRALLY IN LARGER WASHROOMS WITH HIGH FOOT FALL. THE SAFE PROVISION OF SANITARY PADS AND TAMPONS.

The Period Products Dispenser was born from working closely with NHS Scotland on their Period Poverty campaign. The brief was to design a free-dispense solution that makes sanitary products available in a way that limits cross contamination, waste and theft. The simple dispensing mechanism allows for one pad or tampon to be taken at a time whilst minimising the chance of contaminating the next product in the dispenser. The fully enclosed unit is very easy to clean and complies with all IPC protocols, it's also very quick to assess stock and simple to refill. As with most products in the SaniStation[®] range, the Period Products Dispenser can be branded to suit your healthcare organisation's corporate identity.

- ✓ High Capacity
- ✓ Free dispense – no coins or tokens required
- ✓ Simple to install – no electrical supply required
- ✓ Hygienic and easy to clean
- ✓ Minimises cross contamination
- ✓ Complies with all IPC protocols
- ✓ Easy to monitor stock and refill
- ✓ Dispenses a wide range of tampons and pads
- ✓ Reduces waste and theft
- ✓ Robust and secure metal construction
- ✓ Brandable with your logos and messaging
- ✓ Dimensions (mm): 474h x 280w x 132d
- ✓ Weight (kg): 6.2

PRODUCT	CODE
Period Products Dispenser	SaniPPD2

FREE VEND ACCESS TO A RANGE OF PERIOD CARE PRODUCTS HELPS FACILITATE THE INCREASING INDEPENDENCE OF WOMEN AND THEIR ABILITY TO BE ACTIVE AT ALL TIMES OF THE MONTH AND SIMPLY 'CARRY ON WITH LIFE'.

PPD 3

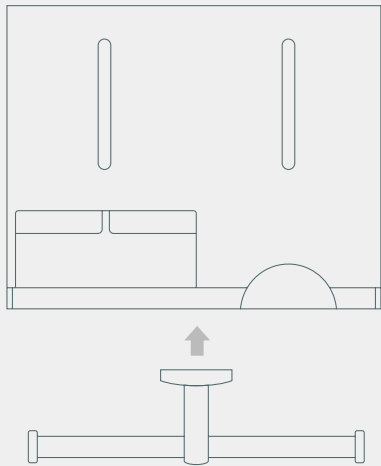

A COMPACT FREE VEND DISPENSER. DISPENSES TAMPONS AND PADS. OR OFFERS A TAMPON, PAD AND LINER COMBINATION. OFTEN LOCATED WITHIN A CUBICLE, OR CENTRALLY WITHIN WASHROOMS WITH LOWER FOOT FALL.

THE SAFE PROVISION OF SANITARY PADS AND TAMPONS.

A compact version of our free-dispense solution that makes sanitary products available in a way that limits cross contamination, waste and theft. The simple dispensing mechanism allows for one pad or tampon to be taken at a time whilst minimising the chance of contaminating the next product in the dispenser. The fully enclosed unit is very easy to clean and complies with all IPC protocols, it's also very quick to assess stock and simple to refill. As with most products in the SaniStation[®] range, the Period Products Dispenser can be branded to suit your healthcare organisation's corporate identity.

- ✓ Space saving design – ideal for use in cubicles
- ✓ Flat top design - ideal for holding mobile phone / keys / handbag
- ✓ Free dispense – no coins or tokens required
- ✓ Simple to install – no electrical supply required
- ✓ Hygienic and easy to clean
- ✓ Minimises cross contamination
- ✓ Complies with all IPC protocols
- ✓ Easy to monitor stock and refill
- ✓ Dispenses a wide range of tampons and pads
- ✓ Reduces waste and theft
- ✓ Robust and secure metal construction
- ✓ Brandable with your logos and messaging
- ✓ Dimensions (mm): 230h x 280w 132d
- ✓ Weight (kg): 3.3kgs
